## OBJECTIVE

Dedicated and results-driven Full Stack Developer with a passion for creating seamless, user-centric applications. Seeking a challenging position where I can leverage my expertise in both frontend and backend development to contribute to innovative projects. Eager to collaborate with a dynamic team, continuously learn and apply emerging technologies, and drive the success of web development initiatives.

## EXPERIENCE

Astana, Kazakhstan  
*Jan 2023 - Jan 2024*

### React Frontend Developer QUSH

- Developed and implemented client interface designs, ensuring a seamless and visually appealing user experience for web applications.
- Collaborated closely with UI/UX designers and backend developers to translate design mockups and wireframes into responsive, interactive, and functional user interfaces using HTML, CSS, and JavaScript.
- Integrated APIs into the frontend to facilitate seamless communication with the backend, ensuring real-time data updates and optimal system performance.

Astana, Kazakhstan  
*Feb 2023 - Aug 2023*

### Research Associate Astana IT University

- Led the development of a Question Answering System for the Kazakh language, contributing to advancements in natural language processing and understanding.
- Spearheaded the preparation of datasets for training machine learning models, ensuring the availability of high-quality and diverse data to enhance model performance.
- Implemented fine-tuning processes for machine learning models, optimizing the system's ability to provide accurate and contextually relevant answers in the Kazakh language.

## EDUCATION

Uralsk, Kazakhstan  
*Sep 2017 - Jun 2022*

### High School Diploma Nazarbayev Intellectual School

Astana, Kazakhstan
